

Empire Nuts

Established in: 2005

Company size: +25 Employees

Empire Nuts is one of the largest and most diverse edible nut and dried fruit businesses in South Africa.

Empire Nuts has been around since 2005 with a +25 Employees size of business. SYSPRO 8 has become integral to Empire Nuts' ability to managing inventory and stock production, trace items during food safety audits, maintain the integrity of its data and security access, and enhance productivity

Their Challenge

The exceptional growth experienced by Empire Nuts has brought with it substantial challenges. As a long-term SYSPRO customer, Empire Nuts identified a need to optimize the capabilities of its SYSPRO solution and that an upgrade would smooth its digital transformation journey to the cloud. The company also needed to bring multiple ad hoc processes into one fully-integrated solution.

Some key challenges that empire nuts face include rapid growth, no sense of data truth, mixed orders etc.

SYSPRO Solution

Empire Nuts upgraded from SYSPRO 7 to SYSPRO 8 in October 2021, taking the opportunity to integrate all its processes, from warehouse production to creating bills of material and inventory, into this single solution.

SYSPRO's Work in Progress capability has improved our product and job traceability and certainly has the potential to allow us to pinpoint areas in our supply chain that are non-value-adding.
